

SAFESCAN 155i COUNTERFEIT DETECTOR

The Safescan 155i Black is your ultimate protection against counterfeit banknotes with quick, easy and comprehensive verification of several currencies. Eliminate human errors and customer confrontations with 100% accurate authentication which features six-point detection, including: watermark, infrared profile, magnetic properties, metallic thread, holograms, and paper size and thickness. The counterfeit detection is backed by 100% accuracy testing for GBP (www.bankofengland.co.uk/banknotes) and for EUR (www.ecb.int). Operation is fast and simple! Insert banknotes in any direction and in less than 0,5 seconds, authenticity is checked. What's more, our value counting feature gives you the option to display the total value of all the scanned banknotes.

- 100% counterfeit money detection (www.ecb.int)/(www.bankofengland.co.uk/banknotes)
- 6 point automatic counterfeit detection
- Suitable for detection of the current series Euro banknote and new Europa series banknote
